CONDITIONS AND LIMITATIONS:

- The aforementioned organization has a perpetual responsibility to maintain compliance with ISO/IEC 27701:2019 during the period of certification.
- This certificate is subject to the satisfactory completion of annual surveillance audits by FRIS.
- ISO/IEC 27701:2019 compliance audits are not designed to detect or prevent criminal activity or other acts that may result in an information security breach. As such, this certification should not be construed as a guarantee or assurance that an organization is unsusceptible to information security breaches.
- The information in this document is provided "AS IS", without warranties of any kind. FRIS expressly disclaims any representations and warranties, including, without limitation, the implied warranties of merchantability and fitness for a particular purpose.
- This certificate is the property of FRIS and is bound by the conditions of contract. The authenticity of this certificate can be validated by contacting FRIS.

# Scope for Certificate 046938-000

The scope of this ISO/IEC 27701:2019 Certificate is limited to hireEZ's PIMS with the following:

### In-Scope Product(s) or Service(s)

- The scope of the certificate is limited to the PIMS supporting the assets, technologies and processes employed by hireEZ for processing, management, and delivery of services to its customers. Additionally, the scope is defined with consideration of the external and internal context of the organization, requirements of interested parties, such as customers and regulatory bodies, and boundaries with third parties.
- When customers use hireEZ's services to process PII data in the content uploaded to the hireEZ Platform, hireEZ acts as a PII processor.
- When hireEZ collects PII data and determines the purposes and means of processing that PII data, hireEZ acts as a PII controller.
